

History Resource Center: World

Events and people that have shaped the world from ancient times but with a stronger emphasis on modern history. Designed with the student in mind, it draws from primary and reference sources, magazine, images and maps. While it includes some NZ coverage, such topics should be supplemented from other sources.

SEARCH TIPS

Basic Search is the initial preferred option. **Person Search** focuses on biographies but the *Biography Resource Center* may provide more detail. Try a **Subject Search** to source relevant headings if the **Basic** (keyword) search fails. **Chronology** searches are not strong on NZ events.

Search for historical figures by nationality, occupation, period or gender.

Use AND to include all terms in your search; an asterisk for variable endings

Search within a specific reference book source – may help limit scope.

Only results for highlighted 'tab' show – click on other tabs to see each set

Indicates you can create a persistent link to the search by copying and pasting the URL

Search for related articles through subject headings

Relevant subject headings: select to run wider or more precise searches
